# Report of Superintendent of Schools

---

Milan, N. H.  
February 1, 1941

To the Milan School Board:

Herewith is submitted the report of the Superintendent of your schools together with school statistics for the most recent complete school year.

During the school year ending June 30, 1940, seven schools were in operation for the required thirty-six weeks, with a total enrollment of 144 pupils.

The percentage of attendance for the year was 93.8. The best record was at Milan Hill, with a percentage of 97.

Eleven pupils were graduated from the Eighth Grade in June.

Twenty-seven Milan pupils were registered this last Fall at Berlin High School.

The present school year opened with new teachers at Jewett, Hamlin, Milan Hill and Hodgdon Hill. All of these new teachers are graduates of the four-year elementary course at Keene Normal, and are without exception carrying on the work in their several schools in a very effective manner.

Miss Margaret Fogg, who taught very successfully in the Hamlin School, was transferred to the Milan Primary School.

Your Superintendent has as usual visited and inspected the classes in the various schools and checked the work by comparison with other school systems.

The Health Supervision is this year in charge of Mrs. Mary D. Spaulding of Whitefield. Mrs. Spaulding has had much experience as a school nurse and is thoroughly conversant with the work and problems involved.

An article concerning construction of a new school building will appear in the Warrant. This article deserves careful thought and consideration.

If, at this time, the voters deem it not advisable to start any new construction, alterations designed to improve the heating, water system, toilets, and general sanitation, should be made on the old building at Milan Village.
